

Supplying All of Your MRO Needs

Wire Solder

- Tips
- Sponges
- Solder Wick
- Cutters
- Flux
- Flux Pens
- Dispensing Bottles
- Flux Cleaners

Solder Paste

- Stencil Cleaner
- Dispensing Gun
- Gloves
- Roll Wipes
- Hand Wipes
- Stencils

Labels

- Printers
- Die Cut Parts
- Pre-Printed Labels
- Tapes
- Blank Labels
- Ribbons

Solder Systems

- Wire Solder
- Sponges
- Solder Wick
- Tweezers
- Flux Cleaners
- Magnifiers
- Fume Extraction
- Tips

Dispensing

- Needles
- Bottles
- Syringes
- Pneumatic Dispenser

Stencil Cleaners

- Gloves
- Wipes
- Roll Wipes
- Squeegee Blades
- Stencils

Flux Cleaners Degreasers

- Wipes
- Brushes
- Dispensing Bottles
- Swabs
- Gloves

ESD

- Wrist Straps
- Heel Grounders
- Mats
- Bags
- Smocks
- Hand Lotion
- Mat Cleaner
- ESD Labels for Sealing Bags

Material Handling

- Carts
- Shelves
- ESD Bags
- Work Benches
- Cabinets
- Bins/Tote Boxes
- Circuit Board Racks

Adhesives

- Remover
- Needles
- Epoxy
- Super Glue
- Syringes
- Hot Melt
- Coatings
- Thread Locker

Tools

- Cutter
- Tweezers
- Bits
- Pliers
- Screwdrivers
- Torque Testers
- Microscopes
- Heat Guns
- Video Inspection

Clean Room

- Smocks
- Gloves
- Wipes
- Bouffants
- Tacky Mats
- Fume Extraction

Wave Soldering

- Spot Mask
- Masking Dots
- Bar Solder
- Masking Tapes
- Flux
- Pallets

Solvent

- Flux Cleaners
- Degreasers
- Contact Cleaners
- Canned Air
- Stencil Cleaner
- Freeze Spray

Supplying All of Your MRO Needs

"We know how..."

Distributed Products

"We know how..."

Air and electric screwdrivers, screw feeders, and torque measuring systems.

Bar, core solder, solder paste, solder preforms, soldering fluxes and flux touch up pens.

Vacuum assisted thermal bag sealing systems to package moisture sensitive parts and products.

Tapes and masking boots for industrial manufacturing processes.

A large selection of industrial hand tools and visual inspection systems.

IPC training, BGA reworks products, solder paste stencils and circuit board repair services.

Polyimide adhesive tapes & films.

ESD and static control, protection, supplies and products.

Desoldering braid, replacement soldering tips, soldering stations, stencil roll wipes, and fume extraction systems.

Solder pots, lev-checks, temp labels, flux hydrometers and dross reducers.

Smart ESD process control including monitors, ionization, test & measurement equipment & software.

Circuit board storage racks, assembly fixtures and depaneling systems.

Manual and electro pneumatic dispensing systems, robotic dispensing systems, two part mixing systems, dispensing valves, syringes and needles.

Electro pneumatic dispensing systems, two part mixing systems, syringes and needles.

World's largest selection of industrial brushes.

Assembly benches, work stations and seating.

Blank thermal transfer labels, printers, pre printed labels, screen-printed overlays, die-cut parts and wire marking solutions.

Environmentally responsible cleaning solvents, presaturated wipes, stencil roll wipes and squeegee blades.

Soldering stations, BGA inspection and rework systems.

Adhesives, sealants, potting materials, thread lockers.

Dispensing pump bottles, ESD brushes, ESD document holders and work station organizers.

Carts, storage racks, and PCB material handling systems.

Precision bench-top cleaning and stencil wipe materials.

Illuminated magnifiers, microscopes and industrial lighting.

Production soldering irons, SM repair systems, solder training and fume extraction equipment.

Soldering iron tips, sponges, solder pots, de-soldering wick and accessories.

Static protective storage containers for PCBs and components.

Bins & bin storage systems.

Stereo zoom microscopes, fiber optic lighting, CCD camera and Video measurement systems.

RTV silicone based materials for gluing, sealing, potting and conformal coating.

Techcon focuses on fluid dispensing systems. Their products are widely used in aerospace, automotive, electronics, telecommunications, medical device, solar energy and industrial applications throughout the world.

ESD garments and lab coats.

Unique ergonomic stereo microscopes and non-contact measuring systems utilizing eyepiece-less optical technology.

Soldering irons, soldering tips, desoldering and soldering stations, reworkstations, fume extraction systems and heat guns.
